

# Fields of Application

**FASIPOL** is specialized in producing parts made by the following **Polyurethanes**:  
**Flexible, Semirigid, Rigid, RIM and Baydur.**

# Sport Wellness and Beauty

# Sport Wellness and Beauty

## COMPONENTS FOR GYM EQUIPMENT AS:

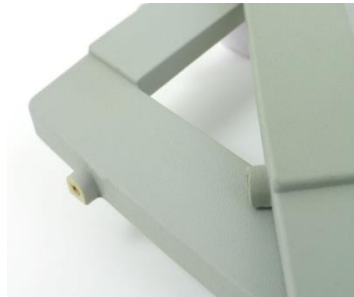

footboard for leg press,  
free weights – kettlebells, dumbbell,  
pendulum

# ForkLift and Platform

## WHAT WE MAKE

Armchairs, armrests , headrests, cushions, backrests, seats, guards for metal parts, handgrips, headboards, knobs, consoles and frames for control panels, covers for remote controls, floating floors, platforms, conductive pads for operators' panel, sound-deadening platforms, anti-slip platforms, treadable cable glands, soft protections for sharp elements etc...

# Health Hospital Biomedical

## FURNITURE AND EQUIPMENT IN HEALTH AND HOSPITAL SECTOR

Armchairs, armrests , headrests, cushions, backrests, seats, guards for metal parts, handgrips, headboards, knobs, protection and covering of metal parts, cable cross protectors, and more

# Automotive and Transport

## OUR PRODUCTS:

mudguard, wheels, anti-puncture filler for tyres, shockproof components, bumper, spoiler, side sills, side mouldings, filling for casings to reduce vibrations and noise, to harden products if cavities are present

# Industrial Machines

## APPLICATION FIELDS

Furnishing components, computer monitors, industrial machinery components, armchairs, armrests, headrests, cushions, backrests, seats, guards for metal parts, handgrips, knobs, protection and covering of metal parts, cable cross protectors, conductive pads for operators' panel, and more

# Agricultural And Earth-Moving Machines

## FURNITURE AND EQUIPMENT

Footboard, armrests , cushions, backrests, seats, guards for metal parts, handgrips, knobs, protection and covering of metal parts, shockproof components, and more
