

Monti Engineering means:

- ▲ **QUALIFIED TECHNICAL ASSISTANCE FOR PLANT DESIGN**
- ▲ **ONLY BEST EUROPEAN BRANDS**
- ▲ **OPTIMIZED PRODUCTION FLOW**
- ▲ **REDUCED PRODUCTION COSTS**
- ▲ **PURIFICATION PLANTS CUSTOMIZED IN ORDER TO FULFIL EVERY REQUEST AND CONDITION**
- ▲ **AUTOMATIC CONTROL OF PROCESSES AND MATERIAL HANDLING, THANKS TO "ALUMASTER" SOFTWARE COMPLETELY MADE BY OUR AUTOMATION DEPARTMENT**
- ▲ **PRODUCTION DATA LOG AND CONNECTION WITH CUSTOMERS' ERP**
- ▲ **AFTER SALE SERVICE AND "JUST IN TIME" REMOTE ASSISTANCE**

As shown in our website [www.montieng.com](http://www.montieng.com) main references suggest and talk for Monti Engineering: an incomparable experience, a widespread diffusion of installations, a large array of solutions.

**LEADING COMPANY  
IN DESIGN AND  
MANUFACTURING  
OF AUTOMATIC PLANTS  
FOR ALUMINIUM  
SURFACE TREATMENT**

**Monti Engineering Srl**  
Via dell'Industria 24 - Z.I. Poggio 2  
40023 - Castel Guelfo di Bologna (BO) - ITALY  
Tel. +39 0542 670412 - Fax +39 0542 670414  
[montieng@montieng.com](mailto:montieng@montieng.com) - [www.montieng.com](http://www.montieng.com)

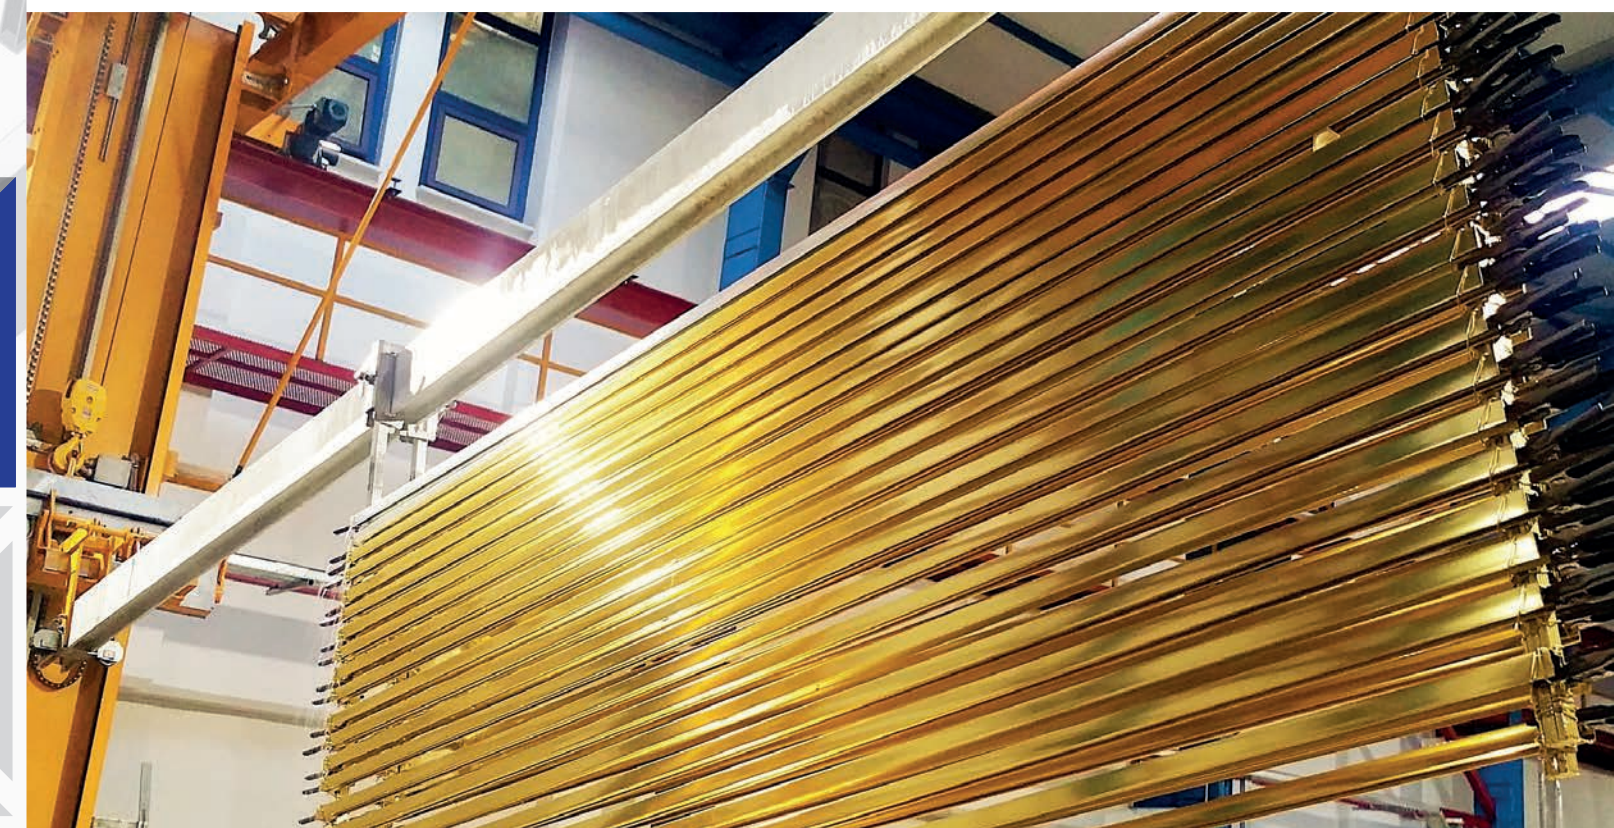

A long experience in the field of aluminium surface treatment strengthened by the strict partnership with our customers, to whom we offer:

- ▲ **ALUMINIUM ANODIZING PLANTS**
- ▲ **POWDER PAINTING LINES**
- ▲ **DIES CHEMICAL CLEANING**
- ▲ **PURIFICATION EQUIPMENT**
- ▲ **HOOKEING SYSTEMS**
- ▲ **"ALUMASTER" PLANTS AUTOMATION SOFTWARE**

Using cutting edge technology, our main aim is to assure our customers to get the best quality and production standards in the field of aluminium surface treatment.

Starting from clients' specific needs, we always offer custom-made solutions for easily-run automatic plants, designed to fit into aluminium production factories, in the most functional and efficient way.

Respect for the environment, reduction in water and energy consumption and safety, are the leading targets of our continuous research and our strength points for the success of our products.

## A COMPLETE RANGE OF MACHINES AND PLANTS

- ▲ Automatic Anodizing plants
- ▲ Dyeing colouring
- ▲ Automatic Powder Painting plants
- ▲ Automatic Process and Handling Controls
- ▲ Automatic Loading and Unloading Systems
- ▲ Chemicals Automatic Preparation and Dosing
- ▲ Rectifiers and Oxide Thickness Programmers
- ▲ Up-To-Date Electrocolouring Current Feeders
- ▲ Cooling and Heating Plants with Process Automatic Temperature Control
- ▲ Regeneration of Solutions and Water Recovery Plants
- ▲ Demineralized Water and Reverse Osmosis equipment
- ▲ Suction Plants and Scrubbers
- ▲ Waste Water Treatment Plants
- ▲ Process Instruments
- ▲ Laboratory Instruments
- ▲ Hooking Systems: Jigs, Clamps, Racks....
