theft

Our  
**complete solutions:**

**reliability**  
**flexibility**  
**integration**  
**real-time inventory**

**waste of time**  
**manual operations**

logistics & automation  
**easyRFID**

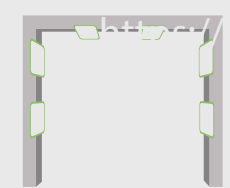

**RFIDtag**  
On which  
information about  
the objects and 1D/2D  
codes may be printed.

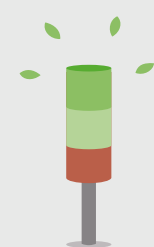

**in-line labeling**  
Integrated labeling solutions  
in the production line.

**devices**  
Wide selection of products,  
suitable for any situation.

**gateways**  
Gate system to manage  
goods flow automatically.

**pick-to-light**  
User-friendly system to  
speed-up the operations.

**tunnel**  
Integrated system to  
read, collect and  
manage data.

**software**  
In-cloud platform to  
manage and blockchain cer-  
tify data.
