L'AZIENDA THE COMPANY

Rivit è conosciuta in Italia come una delle aziende leader nella produzione e distribuzione di sistemi per il fissaggio e utensili per l'assemblaggio e la lavorazione della lamiera.

Nata nel 1973, è arrivata a sviluppare due macro divisioni: industria ed edilizia, con particolare attenzione ai settori carrozzeria industriale, elettronica, elettrodomestici, lavorazione lamiera, arredamenti metallici, lattoneria, coperture metalliche, condizionamento, infissi metallici.

L'azienda punta oggi con decisione al mercato internazionale, per misurarsi con nuove sfide e ampliare le proprie strategie di partnership e di mercato. A questi nuovi progetti Rivit si è preparata dotandosi di un magazzino automatico che garantisce e supporta un sistema logistico all'avanguardia, con l'obiettivo di far fronte alle esigenze di un mercato in espansione e con sempre maggiori esigenze.

Lo stabile vanta una superficie di 6000 m², su una superficie di 14000 m².

Rivit ha voluto assicurare, alla propria clientela, elevati standard qualitativi dei propri prodotti e servizi, impegno che ha consentito di passare alla certificazione in conformità alla norma UNI EN ISO 9001:2008.

Rivit is an Italian leading Company for what concerns production and distribution of fastening systems and relevant tools, for sheet metal working and assembling. Founded in 1973, Rivit has come to set the Company core business in two separate macro-divisions: industry and building, with particular attention to the fields of industrial body shop, electronics, household appliances, sheet metal working, metal furnishings, roofing, metal roofing, air conditioning and metal frames.

Nowadays Rivit strongly aims to the international market, to challenge new situations and to widen its own strategies of partnership and marketing. To be able to develop these ambitious projects, Rivit prepared itself with an advanced logistics including an automatic warehouse; this new setting grants and supports a state-of-the-art logistic system, and allows Rivit to meet all the requirements of the Customers, which are getting more and more demanding. The building premises covers an area of 6,000 m² on a land of 14,000 m².

Besides, in order to assure its Customers of the high qualitative standards of both its products and services, Rivit has got the Certification as per UNI EN ISO 9001:2008.

Il portale pubblico consente di conoscere Rivit e la sua storia, di essere sempre aggiornati sulle novità e i prodotti relativi a ciascuna delle sue divisioni (lattoneria, industria, infissi, rivendita), di conoscere le fiere a cui partecipa e le offerte speciali in corso.

Navigate quindi sul nostro catalogo virtuale, facendovi guidare dai percorsi fotografici per una ricerca facile e immediata e scoprire la ricca e diversificata gamma dei prodotti Rivit. Le schede prodotto potranno essere corredate di numerose immagini e allegati (video, testi, file pdf ecc.). Nella sezione Area download si possono scaricare i cataloghi in formato pdf, senza che sia necessaria alcuna forma di registrazione.

L'area riservata da accesso all'area B2B, dove è possibile ordinare immediatamente tutti gli articoli presenti sul sito attraverso un carrello semplice e di immediato utilizzo. Ciascun cliente può controllare i propri ordini, visualizzare lo stato delle spedizioni e scaricare documentazione tecnica, schede e manuali nell'apposita area documentale.

Venite ad esplorare il mondo di Rivit!

The open web site allows you to get in touch with the Rivit world and its history, to be constantly updated on news and products related to each division (roofing, industry, frame, dealers), on exhibitions and on special offers in progress.

Visit our virtual catalogue, let you drive yourself into our photographic journey and with just a click discover the wide Rivit products range. Products data sheets may be downloaded with several pictures and attachments (videos, texts, pdf files etc.).

In the "Download Area" you can download pdf catalogues with no need for registration.

The restricted area guides you into B2B area, where you can place orders by means of a very easy-to-use and immediate Cart. Each Customer can manage his orders, view the status of shipments and download technical documentation, forms and manuals.

Come and visit the Rivit world!

Gruppo viti in ferro **BASSA RESISTENZA**
Low strength steel screws

Gruppo viti in ferro **ALTA RESISTENZA**
High strength steel screws

La marcatura sulla testa delle viti a testa esagonale determina la classe di resistenza e materiale.
The mark on the hexagonal head determines strength and material of the screw.
